

Sub 95
Orotidine-5'-phosphate decarboxylase gene, gene construct
comprising this gene and its use

5 Abstract

The invention relates to an orotidine-5'-phosphate decarboxylase gene having the sequence SEQ ID No. 1 or its homologs, to a gene construct comprising this gene or its homologs, and to its use.

- 10 The invention additionally relates to vectors or organisms comprising an orotidine-5'-phosphate decarboxylase gene having the sequence SEQ ID No. 1 or its homologs.

The invention further relates to a process for producing
15 uracil-auxotrophic microorganisms and to a process for inserting DNA into uracil-auxotrophic microorganisms.
